## Grande Collection

The products in Grande Collection are rustic, containing knots and cracks. Grande products may continue to develop their rustic nature after the floor has been installed, splits and cracks that occur after installation are normal and should be considered part of the timbers natural character. There are no limits on the size or number on cracks that occur after installation.

Podlahy z kolekce Grande, jsou rustikální podlahy, které obsahují suky a praskliny. Po pokládce se mohou objevit praskliny a trhliny, které nejsou důvodem k reklamaci, protože se jedná o přirozený jev. Velikost a počet prasklin není nijak omezen.

Best Regards
